

Department of Environmental Quality

*To protect, conserve and enhance the quality of Wyoming's
environment for the benefit of current and future generations.*

Matthew H. Mead, Governor

Todd Parfitt, Director

MEMORANDUM

TO: Air Quality Advisory Board

FROM: Steven A. Dietrich, Administrator, Air Quality Division *SAD*

DATE: September 25, 2015

RE: October 28, 2015 AQAB Meeting in Cheyenne

The Air Quality Advisory Board meeting will be on October 28, 2015 in the Cottonwood Room of the Laramie County Library, 2200 Pioneer Avenue, Cheyenne, Wyoming, starting at 9:00 AM. If you have questions about overnight accommodations, or about how to find the meeting place, please call Amber Potts at 307-777-2489.

The first order of business will be the approval of the previous meeting minutes from the April 28, 2015 meeting. My staff will then update the Board and the public on recent activities related to the ozone nonattainment area in the Upper Green River Basin, and on other general activities of the Air Quality Division (Division).

As new business, the Division asks you to consider proposed changes to Chapter 1, General Rules of Practice and Procedure. Chapter 1, General Rules of Practice and Procedure, is being updated to add Section 16, titled Air Quality Division, State Implementation Plan. This addition ensures that the Environmental Quality Council remains in compliance with Section 128 of the Clean Air Act. Upon promulgation, this rule revision will be submitted to the Environmental Protection Agency for inclusion in the Wyoming State Implementation Plan. Additionally, the Division asks your consideration on proposed changes to the "Oil and Gas Production Facilities, Chapter 6, Section 2 Permitting Guidance."

As always, if you have particular concerns about the air quality in Wyoming, please feel free to ask any questions.

I look forward to seeing all of you in Cheyenne on October 28.

Enclosures: Agenda, Public Notice, Proposed Draft Rule (Chapter 1, General Rules of Practice and Procedure), Revised Oil and Gas Production Facilities, Chapter 6, Section 2 Permitting Guidance, Minutes from the April 28, 2015 Board Meeting.
